

California, LLC, California Program Administrator License #60DBO-91942 - August 1st, 2019 - Produced for GSFA

This report is submitted by Ygrene Energy Fund California, LLC in fulfillment of the reporting requirements under section 5954 of the Streets and Highways Code. The information included in this file is in regard to the reporting requirement established in the Streets and Highways code section 5954 for activity that occurred between

- (1) The number of PACE assessments funded, by city, county, and ZIP Code.
- (2) The aggregate dollar amount of PACE assessments funded, by city, county, and ZIP Code.
- (3) The average dollar amount of PACE assessments funded, by city, county, and ZIP Code.
- (4) The categories of installed efficiency improvements whether energy or water efficiency, renewable energy, or seismic improvements, and the percentage of PACE assessments represented by each category type, on a number and dollar basis, by city, county, and ZIP Code.
- (5) The definition of default used by the program administrator.
- (6) For each delinquent assessment:
 - (A) The total delinquent amount.
 - (B) The number and dates of missed payments.
 - (C) ZIP Code, city, and county in which the underlying property is located.
- (7) For each defaulted assessment:
 - (A) The total defaulted amount.
 - (B) The number and dates of missed payments.
 - (C) ZIP Code, city, and county in which the underlying property is located.
 - (D) The percentage the defaults represent of the total assessments within each ZIP Code.
 - (E) The total number of parcels defaulted and the number of years in default for each property.
- (8) The estimated total amount of energy saved, and the estimated total dollar amount of those savings by property owners by the efficiency improvements installed in the calendar year, by city, county, and ZIP Code. In addition, the report shall state the total number of energy savings improvements, and number of improvements installed that are qualified for the Energy Star program of the United States Environmental Protection Agency, including the overall average efficiency rating of installed units for each product type.
- (9) The estimated total amount of renewable energy produced by the efficiency improvements installed in the calendar year, by city, county, and ZIP Code. In addition, the report shall state the total number of renewable energy installations, including the average and median system size.
- (10) The estimated total amount of water saved, and the estimated total dollar amount of such savings by property owners, by city, county, and ZIP Code. In addition, the report shall state the total number of water savings improvements, the number of efficiency improvements that are qualified for the WaterSense program of the United States Environmental Protection Agency, including the overall average efficiency rating of installed units for each product type.
- (11) The estimated amount of greenhouse gas emissions reductions.

Definition of Default: A "Defaulted Assessment" means, with respect to any PACE asset, (x) a payment in full of the property tax obligation with respect to any Assessment on such PACE Asset has not been made (and which continues to remain unpaid in full) for two (2) or more consecutive years after the first due date for such PACE Asset or (y) such PACE Asset is uncollectible as a result of the underlying real property associated with such PACE Asset being destroyed, inexistent, non-taxable and/or otherwise having an appraised value that is less than the

Methodologies/Assumptions/Sources: Impact data is based on University of Southern California Schwarzenegger Institute research released in March 2019, "Impacts of the Property Assessed Clean Energy (PACE) Program on the Economies of California and Florida," utilizing, in part, Ygrene's proprietary impact
